

## Instructions for the OCDSB EQAO Quiz Resource

Here is a video link that shows an overview of resource available: <http://bit.ly/1tBHI4i>

1. Go to the board website: [www.ocdsb.ca](http://www.ocdsb.ca), under the Student tab select Desire to Learn

2. Log in using your regular student number and password. This is the same login as getting into active directory or any school computer.

3. Under “My Courses” select the MPM1D course

The screenshot shows the D2L home page for the Ottawa-Carleton District School Board. The user is logged in as Nicholas Miller-Armstrong. The 'My Courses' dropdown menu is open, displaying the following options:

- 1415Sem1
- MPM1D:-01-Principles of Mathematics-Connell

A red arrow points to the 'MPM1D:-01-Principles of Mathematics-Connell' option. Below this, the 'My Courses in Other Boards' section shows 'No Courses in Other Boards Found'.

4. Complete the practice quizzes for the appropriate level (Applied or Academic)

- Quizzes are broken down by subject so you can practice specific skills or at the bottom there is a link with all the topics mixed up. This is the format that will be seen on the EQAO.

The screenshot shows the MPM1D course page in D2L. The user is logged in as Nicholas Miller-Armstrong. The 'Select your practice quiz!' section displays two columns of links for 'Applied EQAO Practice' and 'Academic EQAO Practice'.
